MAINTERCEPT

QUICK TOUCH, EASY FIND!

Welcome to the ASPIRE TSP PROGRAM

The **Aspire TSP Program** offered by Maintercept is a "free of charge" decentralized skills development initiative.

This means we offer supervised on-the-job experience, not qualifications.

Aspire TSP Program candidates will be supervised in *real work situations* by qualified Maintercept Technical Service Personnel (TSP) in their area and *receive a modest income* while on the **Aspire TSP Program**.

Candidates who would like to register as artisans, technicians or engineers on the Maintercept Mobile App, but don't yet qualify, may register to gain practical experience on the **Aspire TSP Program**. Upon completion, they will be registered on the Maintercept Mobile App.
