**QUICK TOUCH, EASY FIND!**

## Sparse Technical Issue Reporting

Maintercept Mobile App boasts the secure geolocation-based feature, for capturing & reporting of sparse technical issues 24/7!

This ensures effective communication (& tracking) with insurers, landlords, colleagues, maintenance departments, contractors, etc.

### HOW IT WORKS

Download Maintercept Mobile App for FREE from Google Play or App Store.

- Sign Up or Log In
- Click "Reporting" icon
- Specify location
- Describe the issue
- Capture image/s
- Specify recipient's email
- Submit

The information is sent to both the App user's & recipient's email addresses.
